WEMZER
SPARE PARTS MANUFACTURERS

# WEMZER AT A GLANCE

WEMZER, is a leading automotive parts supplier powered by an unrelenting dedication to innovation and quality.

At WEMZER, we know that the quality and service life of your vehicle's parts are the main driver of its performance; that is why we are committed to using innovative production technologies and expertise to deliver high quality automotive spare parts that last longer without untimely replacement and ensure your vehicle is kept in the best working condition.

Keeping abreast of the latest technological developments in the fast-shifting automotive industry, WEMZER specializes in manufacturing and exporting a wide range of over 10,000 SKUs of long-lasting durable spare parts for Japanese, Korean and American commercial and passenger vehicles, in Europe, the Middle East and Africa.

**Our team of dynamic experts continuously strive to:**

- ✓ Develop our extensive product range
- ✓ Provide a sustainable high-quality OE alternative
- ✓ Offer globally competitive prices

# WEMZER PRODUCTS

We constantly challenge ourselves to innovate solutions to meet our client's needs and deliver a real added value to the market by manufacturing long-lasting highly durable parts at the best possible price and providing an exceptional service experience.

Our continuously growing product line-up is geared towards passenger cars and commercial vehicles, and ranges from filters to brake parts, clutch, suspensions, rubber parts, pumps and water cooling.

## 01. SUSPENSION PARTS

- Cross Rods
- Control Arms
- Idler Arms
- Inner Arm Shaft Kits
- Pitman Arms
- Rack Ends
- Insulators
- Ball Joint Tie Rod Ends
- Side Rods Assy
- Stabilizer Bar Links

## 02. SHOCK ABSORBERS

- Shock Absorber
- Cylinders
- Strut Shocks

## 03. FILTERS

- Air Filters
- Oil Filters
- AC Filters
- Fuel Filters
- Activated Carbon Cabin Filters

## 04. BRAKE PARTS

- Brake Shoes
- Brake Pads
- Rotors
- Drums

## 05. WATER COOLING

- Radiators
- Condensers

## 06. PUMPS

- Water Pumps
- Fuel Pumps

## 07. RUBBER PARTS

- Bushings
- Strut Mounts
- Engine Mounts

## 08. CLUTCH

- Clutch Discs
- Clutch Covers
- Clutch Release Bearings

# 01. SUSPENSION PARTS

- Engineered of premium material
- Put through severe testing  to ensure a long lasting performance
- Durable, safe and comfortable ride

Control Arm

Rack End

Side Rod Assy

Ball Joint

Stabilizer Bar Link

Tie Rod End

WEMZER suspension parts are produced under strict quality control.
WEMZER manufacturing process follow internationally recognized
**IATF 16949 quality control system.**

# 02. SHOCK ABSORBERS

WEMZER shock absorbers are produced under strict quality control.
WEMZER manufacturing process follow internationally recognized
**IATF 16949 quality control system.**

## CYLINDERS

- Built with high quality material

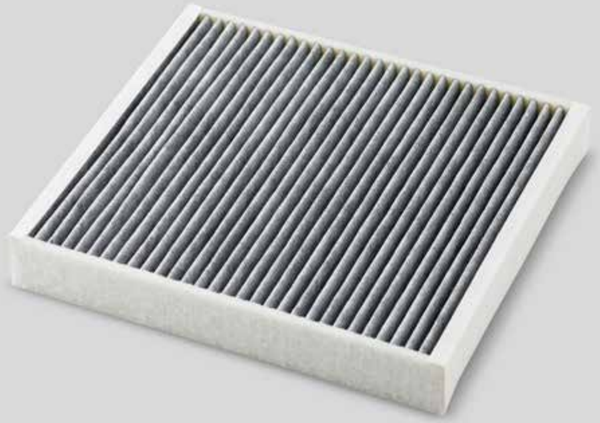
## STRUT SHOCKS

- Built with high quality material

# 03. FILTERS

## OIL FILTER

- Designed to remove contaminants from engine oil
- Premium engine protection



Air Filter

Cabin Air Filter

## ACTIVATED CARBON FILTER

- Improve the airflow of the air-conditioning system
- Eliminate odors Protects from Pollen, dust and pollutants

## FUEL FILTER

- Designed to offer a Premium engine protection and better performance
- Filters harmful particles from entering and damaging the engine

WEMZER filters are produced under strict quality control.
WEMZER manufacturing process follow internationally recognized **IATF 16949 quality control system.**

# 04. BRAKE PARTS

## BRAKE PADS & BRAKE SHOES

- ✓ High quality materials for long lasting performance

WEMZER brake parts are produced under strict quality control.
WEMZER manufacturing process follow internationally recognized
**IATF 16949 quality control system.**

# 05. WATER COOLING

## RADIATOR

- Built with high quality material for durability
- Designed for maximum cooling efficiency preventing the engine from overheating

## CONDENSER

- Built for maximum cooling efficiency
- Made of premium material and tested to ensure durability and performance

WEMZER Radiators were produced under strict quality control.
WEMZER production strictly followed environmental management systems and
**IATF 16949 quality management system.**

# 06. PUMPS

## WATER PUMPS

- Built with high quality material
- Circulates cooled fluid from the radiator into the engine and back into the car's cooling system to maximize cooling efficiency preventing the engine from overheating

## FUEL PUMPS

- Designed for to transfer the required quantity of fuel from the tank to the engine at the necessary pressure

WEMZER pumps were produced under strict quality control.
WEMZER production strictly followed environmental management systems and
**IATF 16949 quality management system.**

# 07. RUBBER PARTS

BUSHING

STRUT MOUNTING

ENGINE MOUNTING

- Built with high quality materials for durability

WEMZER rubber parts were produced under strict quality control.
WEMZER production strictly followed environmental management systems and
**IATF 16949 quality management system.**

# 08. CLUTCH

## CLUTCH DISC

## CLUTCH COVER

## CLUTCH RELEASE BEARING

- Built with high quality materials for durability
- Complete Kits
- Excellent Driving and Shifting comfort

WEMZER clutch parts were produced under strict quality control.
WEMZER production strictly followed environmental management systems and
**IATF 16949 quality management system.**

# WEMZER QUALITY

WEMZER offers its customers replacement parts that are rigorously tested to meet the industry standards.

We combine an extensive experience in manufacturing and continuous product development with the right technology to design and manufacture parts to the highest quality and that are compatible with the original manufacturer's specifications.

To ensure the constant quality and reliability of our product portfolio, every part brought to range is not only designed and manufactured to be a direct replacement for the original part but also rigorously examined and carefully tested by our quality management experts.

## PRODUCTS WARANTY

As part of its commitment to safety and quality, WEMZER warrants its product to be free from any workmanship or material flaws under normal use and conditions. As such, any products exhibiting manufacturing defects within the time periods outlined in our warranty agreement will be immediately replaced.

# SUPPLY CHAIN

In today's fast-paced spare parts industry, a high gear supply chain is crucial to provide on-time delivery and ensure superior customer satisfaction. Our flexible supply chain operates at peak efficiency to seamlessly manage all logistic processes and provide our customers with the best possible experience. We are expanding internationally and continuously building new logistics hubs to align with our customers' evolving expectations.

### Direct Fulfilment

We provide fast and timely delivery through a network of dedicated warehouses located in strategic areas, ensuring the permanent availability of our products and their reliable supply.

### Last Mile delivery

We ensure the safe and timely delivery of our products straight to you, wherever you are around the world.

*Applicable for specific markets only.*

### CustomerService

Our customer service specialists are here to support you throughout the different stages of your buying journey.

# CERTIFICATIONS

**WEMZER RECEIVES QUALITY CERTIFICATION IN THE MIDDLE EAST REGION**

**Following the successful launch at Automechanika Dubai 2021**, WEMZER INDUSTRIES, a European Aftermarket spare parts brand, received compliance certificates from the renowned specialized Spare Parts Testing laboratories, Motabaqah.

**2022 Compliance certified products:**

- Oil Filters applicable on Hyundai and Kia Motors
- Shock Absorbers applicable on Toyota
- Radiators applicable on Nissan
- Control Arms applicable on Toyota
- Brake Shoes applicable on Nissan
- Brake Pads applicable on Toyota
- Ball Joints applicable on Nissan
- Cabin Air Filters applicable on Toyota
- Air Filters applicable on Toyota

The robust compliance program was implemented to maintain integrity and ensure our products are in conformity with rules and regulations in a systematic, structured and pro-active manner.
As quality certificates constitute a trust factor between the manufacturer and its stakeholders, completing the spare parts' inspection demonstrates that our products meet all requirements and corroborate our credibility in new markets.
