

WEMZER

SPARE PARTS MANUFACTURERS

Company Profile
2023

Wemzer at a glance

WEMZER INDUSTRIES is a European independent spare parts manufacturing company with a primary mission to deliver superior quality products that serve as exact OE replacements, all while maintaining competitive pricing. Established on the principles of performance, reliability, and safety, WEMZER INDUSTRIES has firmly positioned itself as a trusted partner in the automotive industry.

Commitment to Quality

At WEMZER INDUSTRIES, our commitment to quality is unwavering. We understand the critical role that spare parts play in ensuring the safety and performance of vehicles. Therefore, we place utmost importance on the quality of our products. To substantiate our dedication, WEMZER INDUSTRIES has obtained numerous certifications from renowned associations and adheres to the most stringent quality control standards in the industry.

Wide Product Range

WEMZER INDUSTRIES caters to a diverse clientele, serving a multitude of brands and models across the automotive spectrum. Our extensive product range is continually updated to encompass the latest advancements in technology and design. We take pride in offering a wide array of products and SKUs, ensuring that our customers can find precisely what they need to maintain and enhance their vehicles.

Product Range

Suspension Parts

Available for:
Honda - Hyundai/Kia - Infiniti/Nissan - Isuzu
Lexus/Toyota - Mitsubishi - Mazda

Shock Absorbers

Available for:
Honda - Hyundai/Kia - Infiniti/Nissan - Isuzu
Lexus/Toyota - Mitsubishi - Mazda

Brake Parts

Available for:
Honda - Hyundai/Kia - Infiniti/Nissan - Isuzu
Lexus/Toyota - Mitsubishi - Mazda

Water Cooling

Available for:
Honda - Hyundai/Kia - Infiniti/Nissan
Lexus/Toyota - Mitsubishi - Mazda

Filters

Available for:
Honda - Hyundai/Kia - Infiniti/Nissan - Isuzu
Lexus/Toyota - Mitsubishi - Mazda

Clutch

Available for:
Hyundai/Kia - Infiniti/Nissan
Lexus/Toyota - Mitsubishi

Rubber Parts

Available for:
Honda - Hyundai/Kia - Infiniti/Nissan - Isuzu
Lexus/Toyota - Mitsubishi - Mazda

A/C Compressors

Available for:
Honda - Hyundai/Kia - Infiniti/Nissan - Isuzu
Lexus/Toyota - Mitsubishi - Mazda

Wheel Hubs & Bearings

Available for:
Hyundai/Kia - Infiniti/Nissan
Lexus/Toyota - Mitsubishi

Driveshafts & Cv Joints

Available for:
Lexus/Toyota

Pumps

Available for:
Honda - Hyundai/Kia - Infiniti/Nissan - Isuzu
Lexus/Toyota - Mitsubishi - Mazda

Industrial Filters

For trucks and industrial machinery

Available for:
Volvo - Iveco - Perkins - Hengst - Mann
Cat - Fiat - Nissan - Top Tec - Toyota

1127+
SKUs to date

Wear-resistant, reinforced link rod, ■
temperature-resistant, high-performance grease

Suspension Parts

Cross Rod, Control Arm, Idler Arm, Inner Arm Shaft Kit, Pitman Arm, Rack End, Insulator, Ball Joint Tie Rod End, Side Rod Assy, Stabilizer Bar Link.

September
2023

820+ SKUs to date

Robust bearing plate

Shock Absorbers

Shock Absorbers

Shock Absorbers, Cylinders, Strut Shocks.

Cylinders

Scuff and corrosion resistance, double-welded loops at pressure points

Sealing system to help keep moisture, dirt and debris from being ingested into the shock

Strut Shocks

September 2023

1073+ SKUs to date

Anti Noise Shim

High-quality SBR coating, a scratch-resistant surface, quieter braking, and nice aesthetic.

Brake Parts

Brake Pads & Brake Shoes

Friction Material

Covers over 100 distinct raw materials, positive hot press, single chamber single pressure isobaric manufacturing, and maintains consistent performance under varying driving conditions.

September 2023

237+
SKUs to date

■ Radiator

■ Built for maximum cooling efficiency

| Water Cooling

All-aluminium design with precision TIG-welded end tanks providing both enhanced durability and cooling efficiency.

■ Condenser

September
2023

762+
SKUs to date

Eliminate odors Protects from Pollen, dust and pollutants

■ Cabin Air Filter

Filters

■ Air Filter

- High quality filter paper
- Check valve

■ Oil Filter

- High quality sealing O ring
- Overflow valve

■ Fuel Filter

44+
SKUs to date

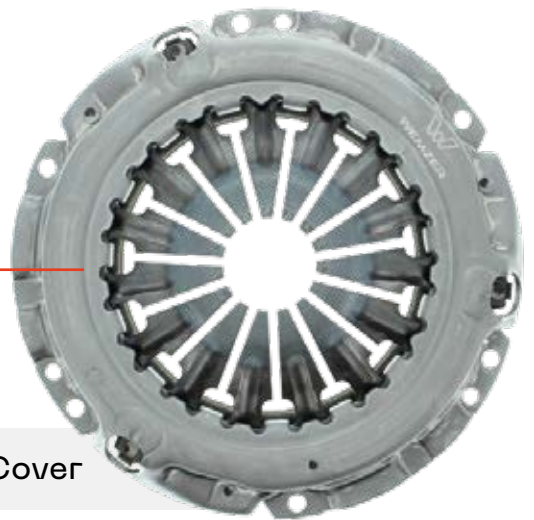

■ Clutch Disc

■ Excellent Driving and Shifting comfort

Clutch

Built with high quality materials for durability

■ Clutch Cover

■ Complete Kits

■ Clutch Release Bearing

1919+
SKUs to date

Built with high quality materials for durability

■ Bushing

| Rubber Parts

■ Strut Mounting

■ Engine Mounting

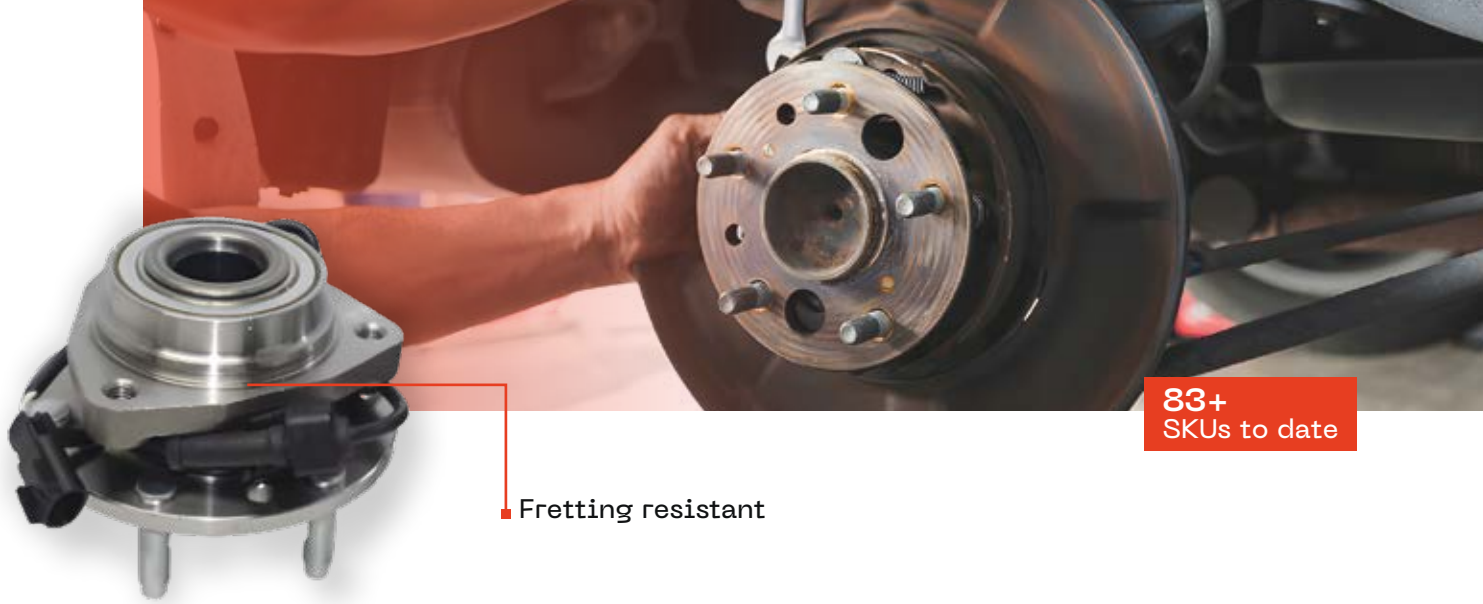

High-quality compact and lightweight design

| A/C Compressors

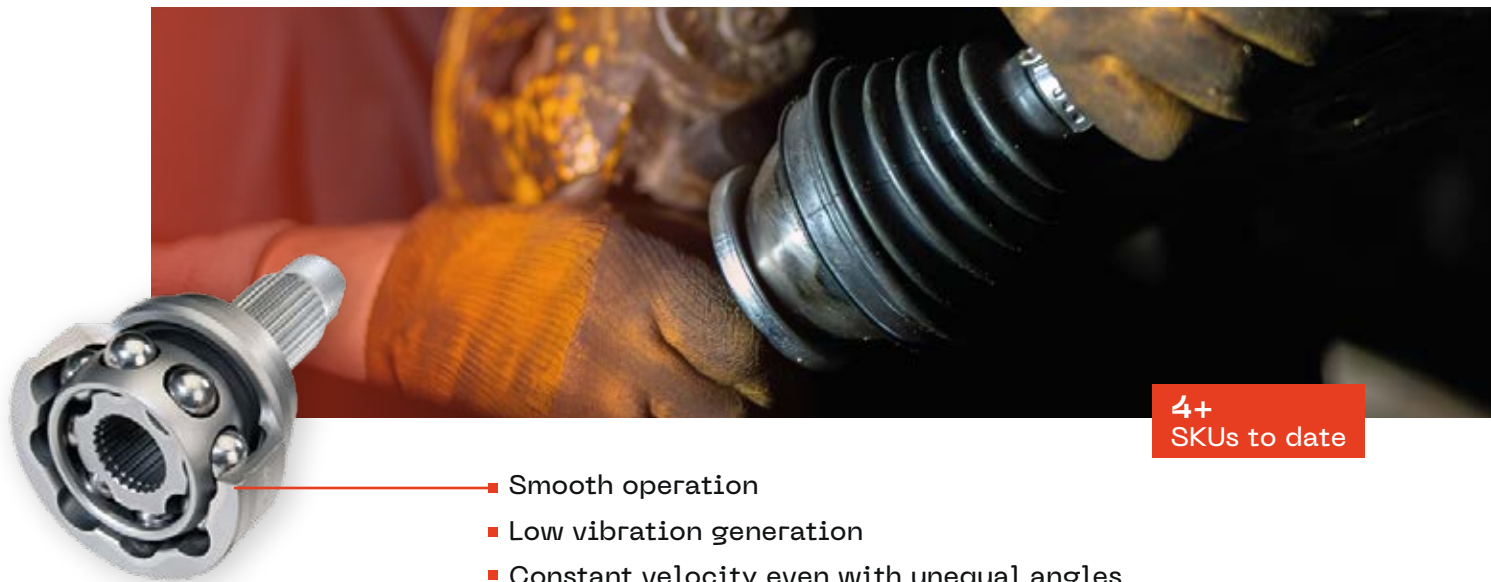

83+
SKUs to date

Fretting resistant

Wheel Hubs & Bearings

4+
SKUs to date

- Smooth operation
- Low vibration generation
- Constant velocity even with unequal angles

Driveshafts & Cv Joints

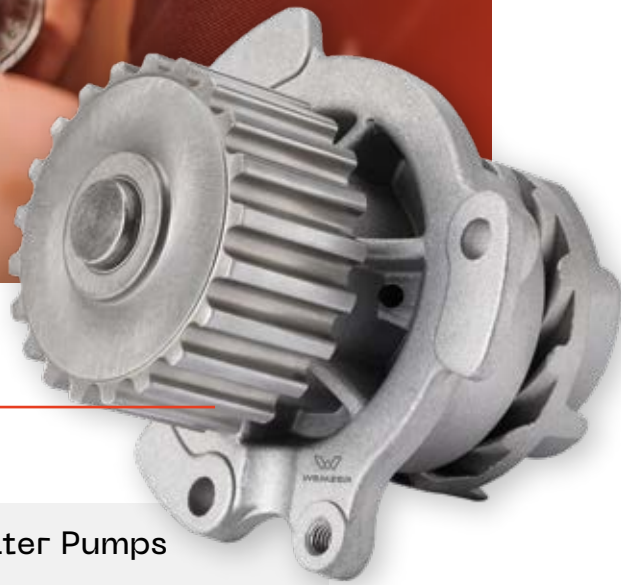

September
2023

266+
SKUs to date

Circulates cooled fluid from the radiator into the engine and back into the car's cooling efficiency preventing the engine from overheating

■ Water Pumps

| Pumps

Designed for to transfer the required quantity of fuel from the tank to the engine at the necessary pressure

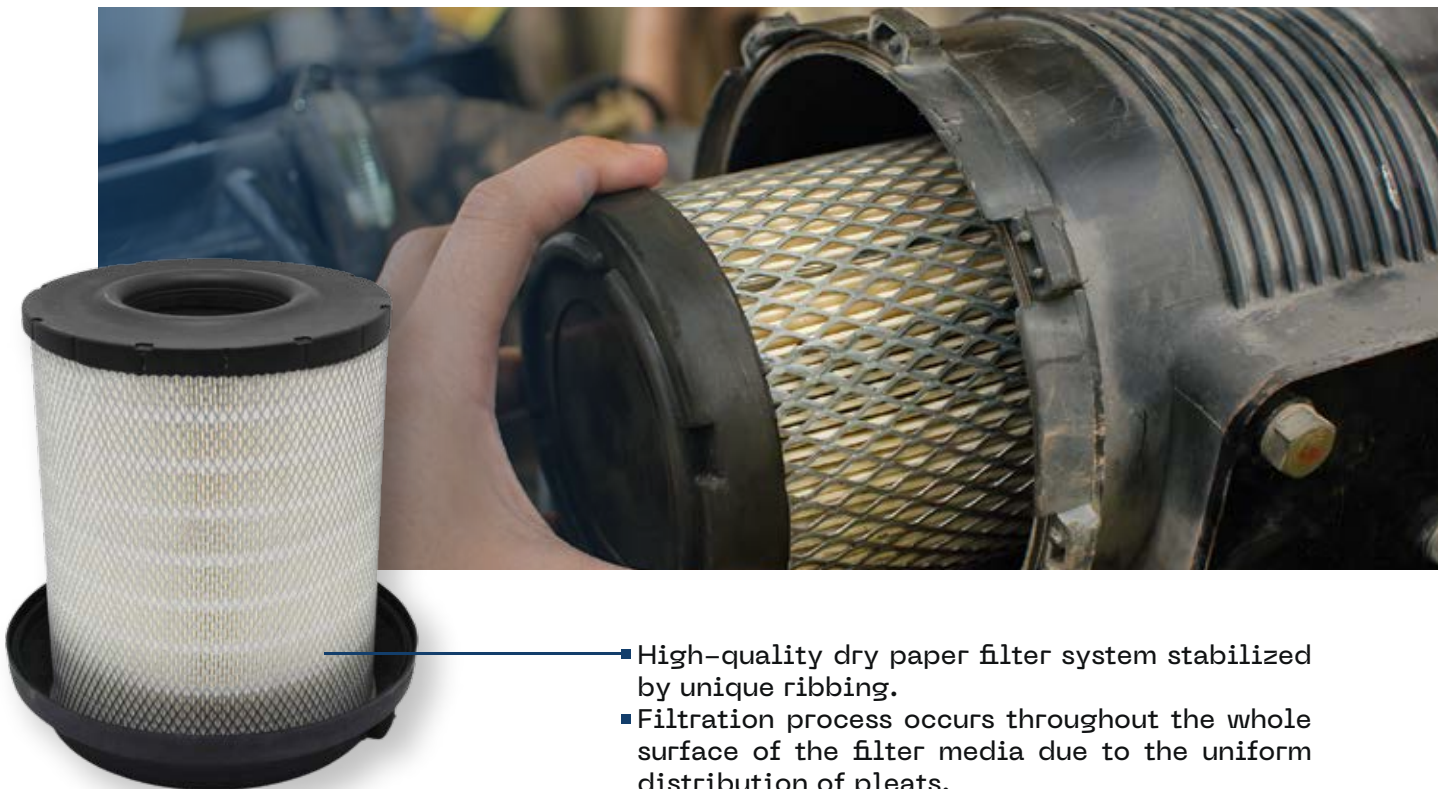

■ Fuel Pumps

- High quality filter paper
- High quality sealing O ring
- Check valve
- Overflow valve

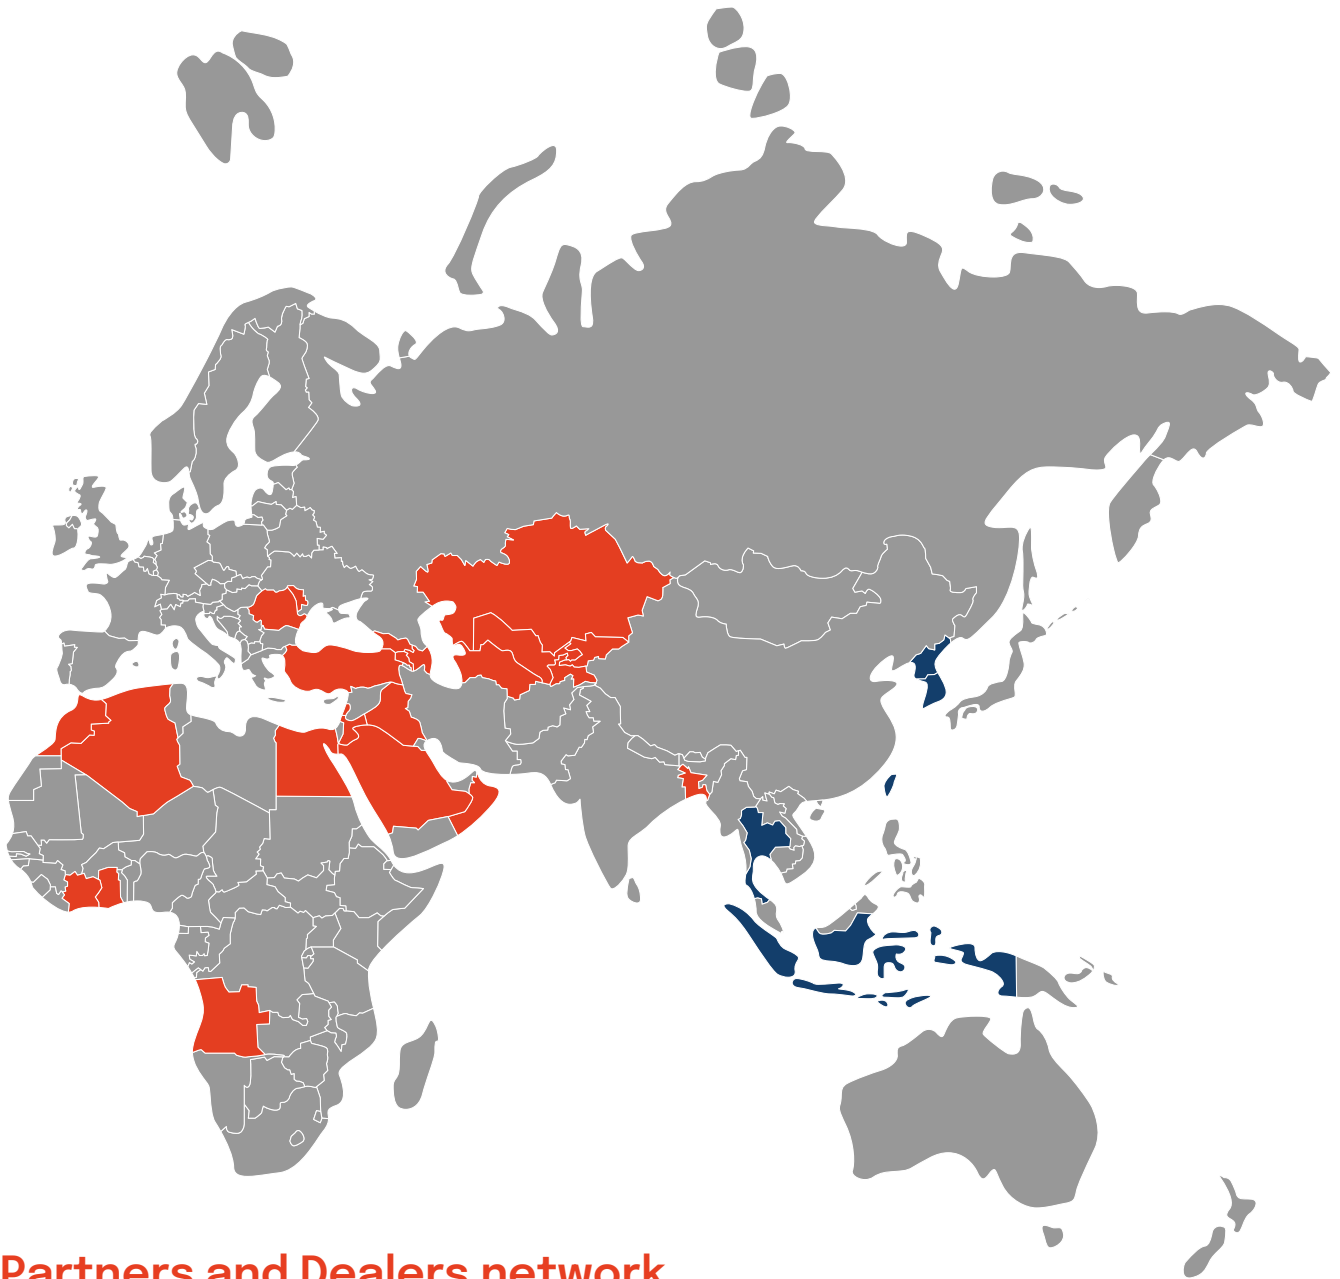

Industrial Filters

- High-quality dry paper filter system stabilized by unique ribbing.
- Filtration process occurs throughout the whole surface of the filter media due to the uniform distribution of pleats.
- Effective filtration of dust, coal ash, and tire wear particles.

WEMZER's Commitment to Excellence

Stringent Testing and Quality Assurance

Our commitment to quality extends beyond certifications. WEMZER INDUSTRIES leaves no stone unturned when it comes to product reliability. We employ rigorous testing procedures in state-of-the-art laboratories to guarantee the longevity and performance of our spare parts. These stringent tests ensure that our products consistently meet and exceed industry standards.

Worry-Free Warranty

At WEMZER INDUSTRIES, we believe in the quality of our products and stand by them wholeheartedly. As a testament to our confidence, we offer a worry-free warranty on all our products. This warranty underscores our commitment to excellence and provides our customers with peace of mind, knowing that they are investing in dependable, high-quality spare parts.

New product launch

NEV-Brake Pads for hybrid and electric vehicles

- **Material Composition:** It is made of premium ceramic formula, green slurry, and silver shims.
- **Weight Management:** Designed to support the increased weight of electric and hybrid vehicles while maintaining stable braking performance.
- **Friction Properties:** Fine-tuned for superior braking performance, especially compared to standard brake pads.
- **Corrosion Management:** Includes a specialized mechanism to prevent rotor surface corrosion, ensuring consistent and reliable braking.
- **Environmental Footprint:** Utilizes advanced organic materials to reduce dust and noise during braking, resulting in minimal particle emissions and cleaner wheels.
- **Certifications:** Complies with strict regulations from ESG, NSF, and EURO 7, guaranteeing a copper content below 0.5 percent by weight.

Electrical Shock Absorbers

- **Adaptive Damping:** WEMZER's Electric shock absorbers dynamically adjust damping rates in real-time for improved ride comfort.
- **Dynamic Response:** Enhance handling and stability by adapting to driving conditions, reducing body roll.
- **Body Roll Minimization:** Quick reaction to road changes reduces body roll during cornering.
- **Component Longevity:** Reduces stress on suspension parts, extending their lifespan.

VORKMANN is a specialist in supplying various body parts for passenger vehicles, such as sheet metal, lights, and other components. VORKMANN serve a wide range of automotive brands and models, offering a comprehensive product range tailored to fit seamlessly with each vehicle. VORKMANN utilizes advanced technologies like simulation software, CAD, CAM, and Finite Element Analysis to ensure their designs are optimized for durability, strength, weight, and aerodynamics.

Supply Chain

An agile and high-performance supply chain is indispensable in today's fast-paced and ever-evolving automotive industry. The ability to deliver spare parts punctually and default-free is imperative. Our high-gear supply chain empowers this experience, operating at its peak to optimize all logistical processes.

At the heart of our operation is the unwavering commitment to exceeding customer expectations. As we embark on our international expansion journey, we recognize that the very essence of our business revolves around aligning ourselves with our customers' evolving needs and desires. To this end, we are strategically establishing new logistics hubs across the globe.

Here's a closer look at the key facets of our strategy:

Adaptability and Flexibility

In the dynamic spare parts industry, where demand can change rapidly, our supply chain is inherently flexible. It's finely tuned to adapt to market fluctuations and customer demands in real-time, ensuring that the right parts reach the right destinations precisely when needed.

Efficiency and Optimization

Peak efficiency is our norm. We employ state-of-the-art technology and data-driven insights to streamline our operations continually. This translates into reduced lead times, minimized operational costs, and, most importantly, swift deliveries to our valued customers.

Customer-Centric Focus

We prioritize the needs and expectations of our customers, striving to provide them with a superior experience at every touchpoint.

International Expansion

We are proactively expanding our footprint internationally. Our network of logistics hubs is strategically positioned to cater to a broader customer base, facilitating faster deliveries and greater accessibility to our products and services.

Continuous Innovation

We view innovation as the lifeblood of our supply chain strategy. Whether it's harnessing cutting-edge logistics technologies or pioneering new approaches to meet evolving customer expectations, our commitment to innovation drives our progress.

Sustainability and Responsibility

As we grow, we are dedicated to sustainable practices and reducing our carbon footprint in all aspects of our logistics operations.
